WAGNER COLLEGE

Campus Accessibility Map

Additional Information

Accessible Route Details

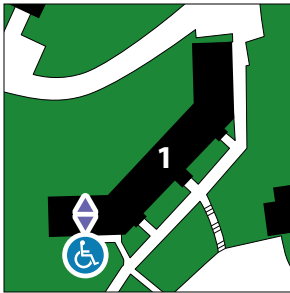

SPIRO HALL

To access Spiro Hall's top floor, enter Megerle Science Hall on the right side and take the elevator (◆) to the second floor. Once off the elevator, a door on the left opens to an outside bridge/walkway (■) leading to the top floor of Spiro Hall (where the computer labs, observatory, and other classrooms are located).

To access the classrooms on the main floor of Spiro Hall, take the elevator on the right side of Megerle to the basement. Once off the elevator, go through the set of doors on the left. Follow the hallway down to another door, where you will then find an area that allows access to the classrooms on the main floor of Spiro.

CAMPUS HALL

This elevator (◆) is located inside the Early Childhood Center, located in Campus Hall. As marked on the map, enter through a side entrance with a ramp. Proceed through a swinging door to your right, where the elevator is located. Ask Public Safety for assistance.
